

TRANSPIGEON

Cíaran Armstrong

What is Transpigeon?

Transpigeon is a 3rd person Adventure game where the people of London have been transformed into pigeons, and the pigeons have turned into people.

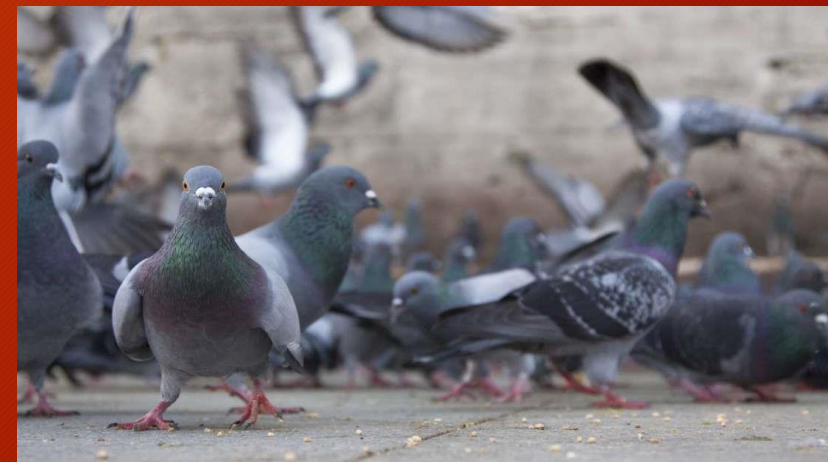

You must navigate the world from the perspective of our feathered friends and solve the mystery of this strange phenomenon.

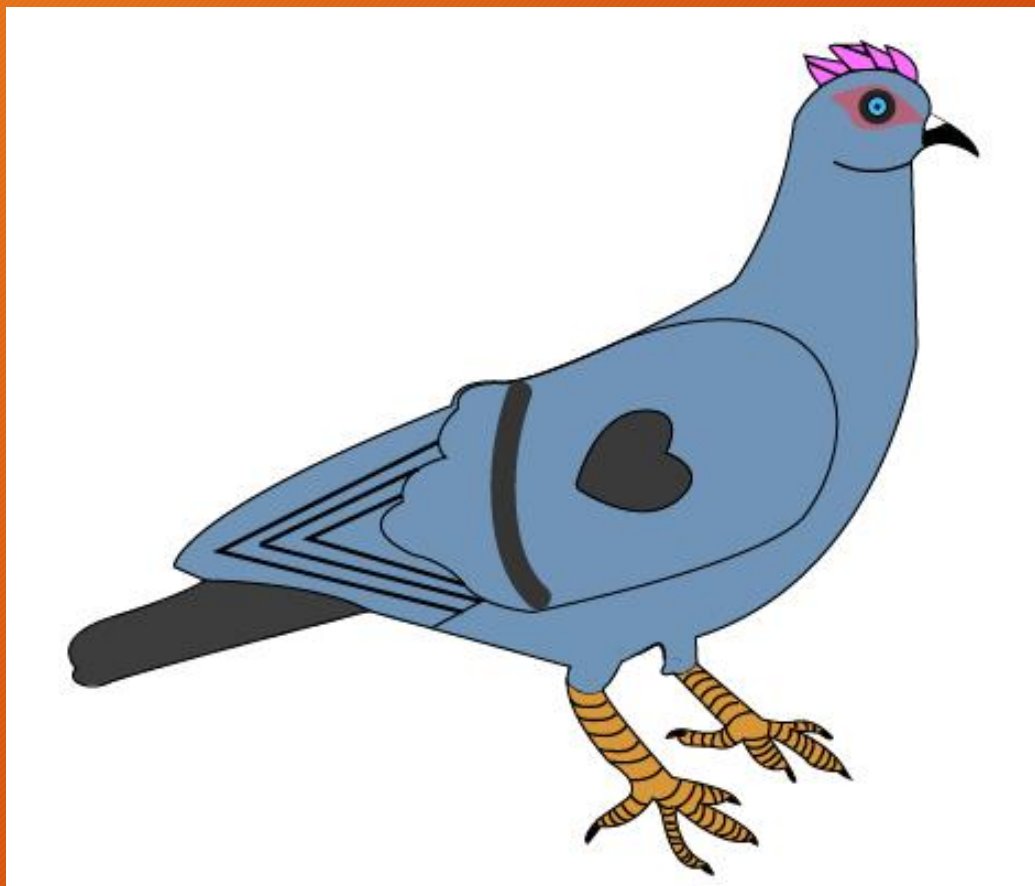

Story

Mia and Baccy transform into pigeons and learn how to survive in London whilst figuring out how to use their new-found bodies

You slowly unravel the top-secret mystery, which climaxes with a final choice at the end, which will determine the lives of millions

Mia

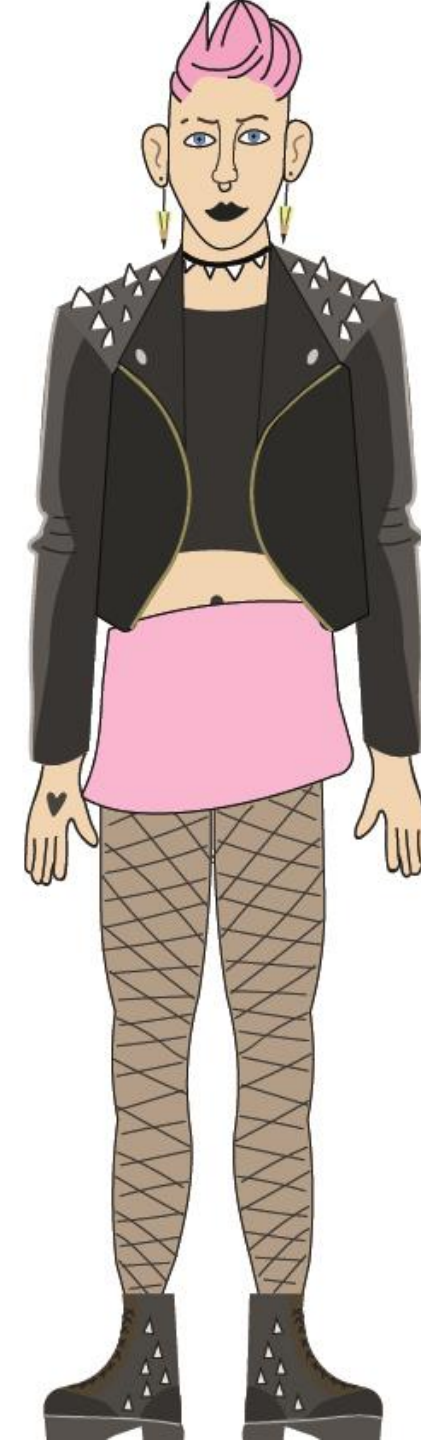

You will play as Mia, our protagonist

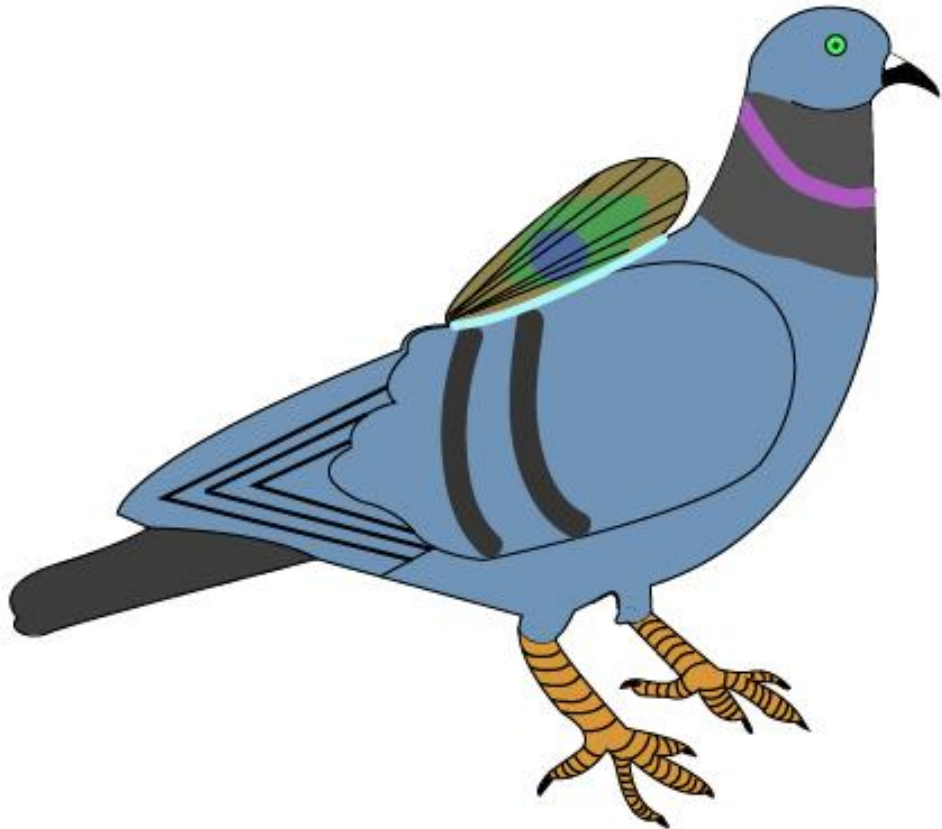

She is transgender (male to female) which adds representational diversity to Transpigeon

She is like a big sister to Baccy

You may be able to relate to her, whether it be her social awkwardness, fashion style, interests etc

Baccy

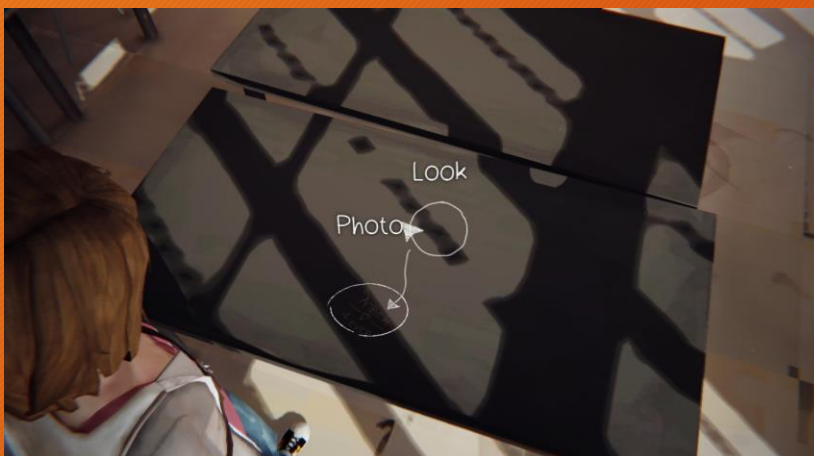

Baccy is Mia's best friend, who accompanies Mia on all of her feathery adventures

His estranged father and dead mother hold the answers to this strange phenomenon that has befallen London

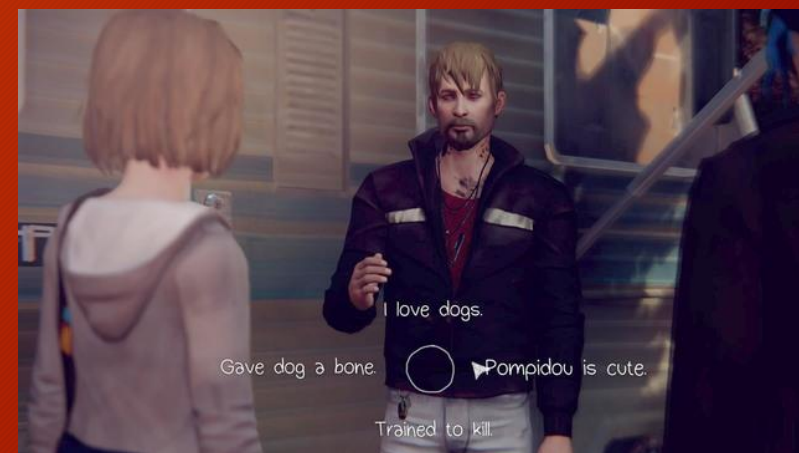

He keeps the peacock feather that his mum gave to him before her death, on him at all times

Choice Mechanic

This lets you choose what you want to do and say within the world.

Phone AR App

Images from "Pigeon Panic!"

This app will give you the sense that the characters are more real

Art Style - Cel Shading

This comic book-esque art style will give a quirky aesthetic to Transpigeon.

Platforms

Target Audience

Transpigeon is mainly geared towards teenager socializers and explorers.

But it will appeal to everyone
